### Synopsis

The ghosts of the original royal family roam the halls of the castle located inside the abandoned Kingdom. The Abandoned Kingdom was the original Royal Kingdom. It was ruled by a greedy family who mistreated their villagers, the red farmers and the blue builders. The farmers and the builders banded together and stormed the castle, assassinating the greedy Royal family. After taking over the kingdom, infighting over power began and 2 villager kingdoms emerged...The BLUE kingdom of Builders and the RED kingdom of Farmers. One day the children of the farmers and builders (who were classmates) decided to play hide and seek in the Abandoned Castle and are locked inside fighting skeletons and ghosts. The Red and Blue kingdoms must unite to save their children, deciding to squash their differences and unite to form the “Purple Kingdom”. They all lived happily ever after.
